Dear Cleary Students and Families,

It is my pleasure to welcome you to the 2021/22 school year. I hope you have enjoyed a healthy and relaxing summer. We begin the new school year prepared for the challenges we have faced since the pandemic began. We are proud to have laptops and Ipads available to our students to support classroom instruction and also to use in the event of required remote instructional days. Thank you for helping us to promote proper use of the equipment when it is home with your child and for reminding them of the importance of taking good care of the devices.

Our goal is to have our students in our classroom for in person learning as much as possible. We know that is how our children learn best! Please review our school calendar on the website as well as items posted for your review and acknowledgement as noted in the parent packet, which was mailed on August 20th. We have streamlined the tabs on our website to make it easier to locate information you need. We are in the process of making significant improvements to our site over the next several months.

Please let our administrators or myself know if we could assist you or your child at any time. We are excited to begin a new school year and eager to see you at upcoming events!

Sincerely,

Dr. Jacqueline Simms
